Top tips for measuring

Please measure yourself in a relaxed state.

Take your actual body measurements as they are more accurate than measuring over your clothes.

Waist: measure around the natural waist, keeping the tape measure taut.

Neoprene waist tube stock sizes are Small - XLarge.

ALL NEOPRENE DECKS COME WITH STANDARD SEAT/ TUBE POSITION WHICH IS APPROXIMATELY 10 CM FROM THE BACK OF THE COCKPIT COMBING. PLEASE CHECK THE SEAT POSITION OF YOUR BOAT.

Made to measure items - our service for items outside the standard size range

Our Neoprene Decks are standard sizes, sorry we are unable to make made to measure Neoprene Decks.
